Verify Family Information

- ❑ If you have more than one family attached to your child, only Family One will have the ability to change the majority of information in the packet.
- ❑ Family One can only view Family One's information and Family Two can only view Family Two's information.
- ❑ Family Two can edit their own information.

NOTE: Family One is determined by address. Whichever family is the family that lives In the district. If both families live in the district, the family that registers the child is listed as Family One

EMERGENCY CONTACTS

In this section you can add and remove emergency contacts.

PLEASE NOTE: If an emergency contact is already in our student database as a Parent or Guardian or they are listed on another Family's list, you will be unable to make changes and must have that family contact the school office to make changes. You will see a note in red explaining they are already in the district.

HOOL 2015-2016)

Step 2c. Verify Student Information: Family Information (Required)

Undo

Please review the information we have in our student data base. Make any changes needed. Some information such as address and medical issues will need approval from office staff before the data is updated in the student data base. If your address has changed you must bring 6 (six) proofs of residence to the Administrative office before the change will be approved, call 248-837-8016 for more info PLEASE NOTE: The information gathered in this section also serves as emergency contact information.
