As testing week approaches, I wanted to share important information for test day, including where your student should report for testing. For **students absent during testing**, parents/guardians *must* call the Attendance line (248-837-8130) as soon as possible *next* week. **We will be in touch via email regarding make-up testing.**

It is expected that students will bring their district Chromebook *fully-charged* for testing.

-Students are not able to use a personal laptop or Chromebook for testing.-

-District Chromebooks have a white BSD barcode label and show the Berkley login screen when powered on.-

- If their district Chromebook has *not been used regularly*, students must log-in and charge it **prior** to their test day.
- If their district Chromebook is *not working*, students must bring it to the LMC for support **by Monday, April 8th.**
- Students who *have a district Chromebook assigned to them* will not be able to check-out a new Chromebook the morning of their test day.
